Re: LightSquared Subsidiary, LLC
Ex Parte Communication. IB Docket No. 11-109
IBSF File No. SAT-MOD-20101118-00239

Ms Dortch:

LightSquared should not be allowed to go forward until it is shown that their plan will not interfere with high-precision GPS or unjustly cause GPS user to buy new equipment.. Not only the surveying industry will be harmed, but so will the hundreds of thousands of people who use the data surveyors produce. As a user of high-precision GPS, I **oppose** LightSquared's request (which ignores the recent independent test results) to affirm its license and its request to go forward with its plan.

Thank you for your consideration in this matter.

Kevin Redelman, S.I.T.

JDJ Surveying & Engineering, LLC
